

## Transition Training/Flight After Inactivity

We will be discussing some of the pitfalls of transition from one type of aircraft to another and ways to avoid them. The next subject will be preparing yourself for flight after a long period of inactivity and the last topic will be about the availability of Angle of Attack indicators.

**Directions:** The CAP facility is located across Murray Way from El Aero Services and the Old Terminal Building.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
